

NOTICE TO MARINERS

Re-Issue date: 15/01/2021

1. Cable Protection/Rock Installation Operations

This is a revised version of NTM 48 (originally issued 14/01/2021) that has been updated to clarify the scope of works following feedback received. Please be advised that Moray Offshore Windfarm (East) Limited (Moray East) are planning to commence cable protection and rock installation operations, mobilising circa 30th January 2021 for a period of circa 7 days, within the bounds of the areas shown in Figure 2 and Table 1 as described below:

- Within the first 500 metres of the export cable from the HDD exit point in Boyndie Bay
- At KP25 there is a rock berm <200 metres in length that has already been installed which meets the required berm specification set out in the Cable Plan and therefore does not present a risk to fishing vessels. However Moray East will place a small amount of additional rock on the berm
- Within the wind farm site boundary close to the OSPs

Please note that the export cable guard vessels have been withdrawn because the cable installation works in the area they were covering have been completed to the required specification. A guard vessel and Offshore Fisheries Liaison Officer remain in the wind farm site.

Point	Latitude	Longitude	Zone
a	57° 40.812' N	2° 33.483' W	Landfall
b	57° 40.697' N	2° 33.237' W	
c	57° 41.248' N	2° 33.247' W	
d	57° 41.217' N	2° 32.844' W	
e	57° 53.717' N	2° 40.141' W	KP25.0
f	57° 53.727' N	2° 39.629' W	
g	57° 52.321' N	2° 39.481' W	
h	57° 52.307' N	2° 39.924' W	
i	58° 6.504' N	2° 42.081' W	Windfarm Site
j	58° 7.537' N	2° 45.816' W	
k	58° 6.646' N	2° 41.375' W	
l	58° 12.959' N	2° 44.238' W	
m	58° 6.839' N	2° 40.407' W	
n	58° 9.920' N	2° 39.505' W

2. General Safety Advice

Please be aware that by virtue of its mode of operation the Rollingstone will be Restricted in her Ability to Manoeuvre (RAM) as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972, Rule 3). Masters of vessels are therefore requested to maintain their vessels and gears at a minimum safe distance from the vessel of **500 metres** when it is undertaking work and showing the appropriate shapes and lights in accordance with COLREGs Rule 18.

Further updates and Weekly notice of operations can be accessed in the Moray East Website
